Woosong University

The Most Globalized University in Korea

WOOSONG UNIVERSITY 우송대학교

About **WSU**

Founded in 1954, Woosong University is part of the Woosong Educational Foundation in Daejeon, South Korea. With over 12,000 students and over 700 professors, the university has a strong reputation for excellence in education, instruction, and training.

Woosong University offers a specialized curriculum that combines theory and practice. The university has three international schools: SolBridge International School of Business, Endicott College of International Studies, and JW Kim College of Future Studies, where distinguished international professors teach courses exclusively in English. Additionally, Woosong has four colleges that provide Korean and some English courses: the College of Railroad, the College of Software Convergence, the College of Culinary Arts, and the College of Health and Welfare.

We continuously strive for the professions the global society requires based on Korea's founding philosophy and ideology by empowering innovative experts with the professional skills necessary to lead the global community.
